MARSHALL SAYS U. S. TO PRESS GERMAN PLANS

Secretary Makes Statement At Unprecedented News Conference in Russia

MOSCOW, March 10—The big four council of foreign ministers assembled in Moscow this evening for their long-awaited session and immediately was confronted by a surprise Soviet demand for inclusion of China on the agenda.

The long-awaited meeting, called to consider or draft peace treaties for Germany and Austria, was keynote at the outset by U. S. Secretary of State George C. Marshall's determination to achieve a 40-year treaty of alliance guaranteeing German military impotency.

Immediately after opening the session as host and chairman, Soviet Foreign Minister V. M. Molotov spoke up for consideration of China because of the fact that civil war is still raging there.

Secretary Marshall objected to instant action, saying he needed 24 hours to think the matter over.

MARSHALL made his statement at an unprecedented news conference just prior to the opening of the big four conference to formulate treaties with Germany and Austria.

The American secretary revealed that he has pressed for French support of the alliance toward which Britain already has reacted favorably.

A treaty of alliance to render Germany helpless to make war for a 25-year period first was presented by former secretary of state James F. Byrnes. The Russians objected on the grounds that the time was too limited and proposed a 40-year period.

Marshall took the opportunity to reaffirm the American policy regarding Germany which was outlined by Byrnes in his historic Stuttgart speech of last Sept. 6.

BYRNES, the first incumbent American secretary of state to speak on soil of a defeated and occupied nation, urged at that time that Germany be reunited under a provisional government which would be authorized to carry out terms of a peace settlement.

Marshall abandoned protocol to journey to the hotel Moskva, headquarters of visiting correspondents, instead of summoning them to his residence at the U. (Continued on Page Two)

Weather To Be Warmer After Today

By International News Service

Calling all Robins!

The weather bureau has a secret formula.

How else could it

make tomorrow's forecast coincide with the first day of the climatological Spring in Ohio?

"Beginning tomorrow," said Weatherman C. G. Andrus, "I see the ending of a period of phenomenal conditions in which there has been a steady flow of cold air into this area since last Feb. 16. So it's going to start warming up. During the next few days we can expect a distinct change from the persistent cold."

Although Spring does not officially begin until March 21, Andrus said the weather bureau's temperature records actually put the seasons where they should be.

"We figure Winter on the basis of the 92 coldest days in which the average temperature is 27 degrees," Andrus explained. "The Spring period comprises the next 91 days with an average of 49 degrees. Summer is next with 70 degrees and we then go into Autumn with the same average as Spring, 49 degrees."

Andrus emphasized, however, that a change back to colder weather always is a possibility at this time of the year.

His 49 degrees daily average in the various departures so far on one day the average can be 58 degrees and the next day, 40.

POWER BILLS UP WEDNESDAY

City Council To Study New Light Rate Ordinances At Special Session

Special meeting of the Circleville city council will be held at 8 p. m. Wednesday for consideration of the passage of two ordinances granting two 10-year contracts to the Columbus and Southern Ohio Electric company.

At a regular meeting of the council, held March 3, spokesmen for the power company presented the proposed ordinances and members of the council agreed with the company spokesmen that the new rate schedules would provide substantial savings to consumers of electricity for residence and commercial lighting, and also to the municipality for street lighting.

It was decided to hold the special session when company officials explained that if the ordinances are enacted as emergency measures to become effective at once—before March 15—consumers can be billed in April for March consumption under the new rates.

Mayor Ben H. Gordon said Monday he will issue the call for the special meeting Wednesday night. A city ordinance stipulates that such a call must be issued at least 24 hours before the time set for a special meeting.

FILIPINO PRESIDENT NOT HURT BY GRENADE BLAST

MANILA, March 11—(Tuesday)—President Manuel Roxas and other top-ranking Filipino officials narrowly escaped injury last night when a hand grenade was exploded at a political rally in an apparent assassination attempt.

Four persons, including news photographer, but none of them major officials of the government, were injured by shrapnel from the exploding grenade.

Nothing much is heard of the former king of Italy—for his part in the war he was condemned to retire to a pleasant spot at full pay.

I hear he wired Hirohito recently "why didn't you quit sooner and get a partnership?"

Anyway it's interesting to know that Sen. McKellar can bar David Lilienthal as "personally obnoxious" to him.

U. S. embassy in Moscow. Observers among western delegations saw a possibility of a battle among the large world powers for control of Europe involving a question as to whether Germany eventually might be dominated by Communism.

Arrival of visiting diplomats was greeted with Soviet propaganda blasts by the Moscow weekly New Times fostering Russia's long-term plans for Germany and criticizing views of leaders of the western nations. Despite this Marshall announced he was confident that "we will by peaceful methods of negotiation reach agreements which will greatly advance the cause of peace."

The controversy over Germany is expected to develop with a Soviet accusation against the western allies, especially Britain, that they have failed to carry out the Potsdam decisions.

MANTZ CLAIMS NEW RECORD FOR EAST - WEST TRIP

BURBANK, Cal., March 10—Movie stunt flyer Paul Mantz today claimed a New York-Burbank nonstop record for single-engined propeller driven planes.

Mantz whizzed here yesterday from Gotham in 7 hours, 47 minutes, 19 seconds. He failed, however, to beat the 7 hours, 28 minutes, 2 seconds record established by the B-25 Superfortress "Dreamboat" Aug. 1, 1946.

Mantz piloted the same P-51 Mustang fighter plane with which he set new West-East transcontinental speed record Feb. 28. His elapsed time was 6 hours, 7 minutes, 5 seconds. Yesterday, however, he had head winds to buck all the way.

NO ONE INJURED IN TWO WEEKEND ACCIDENTS HERE

Two weekend automobile collisions occurred in Circleville but police reports show that while four cars were damaged no one was injured.

At 7:20 p. m. Sunday, police said, an auto driven by Leon Kapehian, 29, Columbus, making a right turn onto Watt street, collided with the car of Werville Collins, 21, Route 1, Stoutsville, who also was making a right turn from Court street onto Watt street.

Harley M. Arledge, 57, Route 3, Circleville, drove from an alley onto East Franklin street between Court and Pickaway street at 3:55 p. m. Saturday, police said, and his truck was in collision with a sedan driven east on East Franklin street by Charles H. Strupper, 39, Tarlton.

SUES COMMISSION

Joseph Wilson, 401 South Washington street, filed suit Monday in Pickaway county common pleas court against the Industrial Commission of Ohio, seeking to participate in the state insurance fund. Wilson alleges that on April 3, 1945 while he was working in the plant of the John W. Eshelman and Sons he was thrown backward over a scraping machine and that he sustained crushing injuries to his chest and groin. He says the Industrial Commission on Aug. 11, 1945 rejected his claim, that a re-hearing was held upon his application, and that on March 3, 1947 the Commission issued an order unsatisfactory to him.

BENDER PLEDGES PROBE OF CRILE VET HOSPITAL

CLEVELAND, March 10—Congressman at Large George H. Bender, (R.) of Ohio, left Cleveland today with the pledge to make an investigation of Crile veterans administration hospital, the first order of business of the house veterans subcommittee on hospitals.

Bender and Congressman Walter B. Huber, (D.), Akron, were expected to confer today with Chairman Bernard W. Kearney, (R.), New York, on the Crile controversy existing over the treatment of psychiatric patients.

Other Ohio congressmen indicated their intentions of joining Bender and Huber in demanding a complete investigation of neuropsychiatric service at Crile.

ALCATRAZ ON ALERT

SAN FRANCISCO, March 10—Officials of Alcatraz federal penitentiary were on the alert early today for a possible escape attempt after a mysterious shot was fired from an unidentified launch off the penal island in San Francisco bay last night. The bullet narrowly missed guard Charles E. Bray, 25, who was patrolling "The Rock." Its firing swiftly set in motion a protective net thrown around the famous island where a bloody escape riot last May took five lives.

EDINGTON CHANGES MIND

CHILLICOTHE, O., March 10—Homer Edington, Chillicothe high school football coach and athletic director, reversed his field today and passed up an assistant coaches berth at Colgate University. Edington, who announced last week he would join Paul Bixler at the eastern school, had he changed his mind about the offer.

U. S. EXPECTED TO GET 23 BASES IN PHILIPPINES

MANILA, March 10—A high official source disclosed today that the United States will be given 23 military, naval and air bases in the Philippines under an agreement between the two governments.

The agreement is expected to be signed at the end of this week, possibly on Friday when retiring American ambassador Paul V. McNutt will be honored by President Manuel Roxas at a formal presidential palace reception.

This same source told International News Service that McNutt and his family will leave Manila Saturday to return to the United States by way of Europe. Successful negotiation of the military base agreement has been McNutt's primary aim in the Philippines.

The pact is considered in official circles a distinct triumph for Philippines negotiators as the American negotiators originally requested over 70 base sites to be used for defensive purposes.

BISHOP CHARGES CHINESE REDS WITH CRUELTY

PEIPING, March 10—Brutal mistreatment of missionaries and nuns by Chinese Communists in his southern Hopei province diocese of Singtao was charged today by Roman Catholic Bishop Ignatius Krause.

Bishop Krause was evacuated to Peiping from Shih-Chia-Chung by American air transport and told foreign correspondents that he and nine priests and four nuns were imprisoned by the Communists for 78 days and severely beaten.

The 51-year-old bishop said he and the missionaries were brought before an assemblage of 20,000 Chinese Dec. 21 and hampered with weird accusations. The charges ranged from "cutting hearts and eyes out of live patients in the mission hospital to constructing compound walls which denied sunshine to adjoining crop lands."

TWO UNBEATEN TEAMS REMAIN IN STATE PLAY

Upper Arlington, Plain City, Holy Rosary Represent Central District

By International News Service
Two undefeated teams, last year's Class A champion and four other former titlists led 32 survivors into high school regional tournament play today.

Intensified action at eight regionals this weekend will pare the list to four state finalists in each division.

District winners qualifying for the semi-final step toward a state tourney berth were led by Upper Arlington, winner of its 22nd straight game without a loss, in Class A and Frazeysburg, a 30-0 quintet in Class B ranks.

Arrington, Class B champ in 1936 but now campaigning with the "big boys", eliminated Newark, a three-time Class A winner, 51 to 41, in the central district finals Saturday.

FRAZEYSBURG came from behind to nail Dresden, 37 to 33, at Marietta. It was the fifth time this year Frazeysburg defeated its Muskingum county rival, Dresden.

Middletown, 1944 and 1946 champion, gained stature by whipping Hamilton, 36 to 34, at Dayton. The Middies, with a record of only 14 wins and seven defeats, were hardly conceded a chance to survive district play.

With the chips down, however, Paul Walker's team won four games, three of them as an underdog. The Middies thus kept alive their hopes of becoming the third triple Class A champ in "modern" history of the state tourney.

THE MIDDIES get their first regional test at Dayton Friday against Roger Bacon, upset Cincinnati district champion.

Roger Bacon climaxed an uphill battle by retiring Cincinnati Elder, a 15-and-4 record team, 40 to 37, in the district finals.

In addition to Upper Arlington and Middletown, other ex-champions to come through district play were Marietta and Findlay (19-2) in Class A and Plain City (26-1) in Class B. All three won their previous crowns in the pre-1922 period when tournaments were held at Delaware and before the Ohio High School Athletic association assumed sponsorship.

Close games featured district finale play. Marietta barely edged Greenfield, 32 to 29. Ashland (19-2) won a third and rubber game from Mansfield, 41 to 39, at Sandusky.

In Class B, Gibsonburg needed an overtime to defeat Salem, 43-39, at Bascom, and Columbus Rosary also required an added period to get by Marion St. Mary, 38 to 35, at Westerville.

Lockland Wayne squeezed by Plainville, 33 to 30, and Corning shaded Glenford, 1941 Class B titlist, 45 to 44.

BADGERS TAKE BIG 9 TITLE IN UNUSUAL GAME

CHICAGO, March 10—Wisconsin's basketball titans looked forward to an N.C.A.A. playoff bid today after winning the strangest game ever played — and the Big Nine title — with speed, hot shooting, and a magnificent bluff.

The title came Saturday night at Evanston, Ill., when the Badgers won half a game from Purdue. Wisconsin was trailing, 34 to 33, at the intermission Feb. 24 when the stands in the Purdue fieldhouse at Lafayette, Ind., collapsed. The game, vital to the final Big Nine standings, took up where it left off at the Evanston high school gym after a half-time intermission of 12 days.

In that second half, Wisconsin outscored Purdue, 39 to 26, to win the whole works, 72 to 60. Bobby Cook, diminutive Badger forward, potted eight points in the second half to take the loop's scoring title.

REDS WIN FIRST START FROM TIGERS EASILY, 6-1

TAMPA, Fla., March 10—The Cincinnati Reds had an open date today after winning their first exhibition game of the year from Detroit in handy 6-to-1 fashion yesterday.

Virgil Trucks and rookie Ted Gray were the victims of Cincinnati's eight-hit assault. Ewell Blackwell, Clay Lambert and Eddie Eratty scattered nine Tiger blows. The lone run came off Lambert in the sixth.

Ray Mueller clouted a 400-foot homerun for the Reds.

Tomorrow, Cincinnati clashes with the Boston Red Sox at Sarasota.

HARTING 'PERFECT'

PHOENIX, Ariz., March 10—Clint Hartung, the fabulous rookie of the New York Giants, apparently is all that his press agents have claimed. The big outfielder had a perfect day yesterday with three doubles and a single, and also made two brilliant throws as the Giants beat the Indians in the ninth 8 to 7, squaring the series.

TRIBE, GIANTS EVEN

TUCSON, Ariz., March 10 — The Cleveland Indians battled the New York Giants today in the rubber game of their three-game series at the Tribe's Tucson training camp. The Indians dropped yesterday's contest 8-7, after taking the opener, 3-1, Saturday.

Roundtowners Defeated While Ramblers Score Victory In Columbus Play

Circleville Boys Club teams won and lost in Knothole basketball tournament play at Columbus Saturday.

Ramblers wallop East End Comets 46-16 in one intermediate game. James Starkey had nine points while Albright and Hill had eight each. The Ramblers led 12-3, 28-7, 36-9 at the end of quarters. Dwight Radcliff shot three successive field goals from the corner to start the second half. "Red" Penny, Comet center, fouled out in third quarter, but was allowed to remain in game since the Comets had only five players. "Sandy" Hill intercepted three Comet passes and scored field goals each time. All the Ramblers were in the scoring column.

SOUTH Baptist Avengers defeated Roundtowners, 29-20, in another intermediate contest. Sam Blue, six foot two Avenger center, played under bankboard and picked off all rebounds besides scoring 14 points. All the Avengers were at least five foot eleven and handled most of the rebounds. Ralph Starkey led the Ramblers with 11 points. Avengers led 4-3 the first period; Roundtowners led 15-10 at half; Avengers 22-19 at the end of the third quarter.

Next Saturday at Schiller park both the Ramblers and Brownies (juniors) play, although no schedule has been announced.

ONE DP SOLUTION

THE MAN POWER shortage may help solve the Palestine question. It suddenly has occurred to countries like Britain, France, Belgium and some Latin American nations that there are great reservoirs of untapped skills and labor force in the displaced Jews and Gentiles, also, of Europe. These countries all are interested in workers for coal mines, farms, factories and general construction.

The displaced persons have been supported by UNRRA which dissolves June 30. Its successor is the International Refugee Organization which still lacks enough members and enough funds to start its work, part of which is settling the D. P.s in many countries. Most important ratification is that of the U. S. Congress which has been showing some opposition to IRO.

If these unfortunate homeless victims of war can become desirable in their own rights, immigration barriers in many countries will be opened to them. In fact, labor-needy countries may even court them. What a relief to everybody, including Palestinian Arabs, and the D.P.s themselves, most of all, if they could become wanted—WPs instead of DPs!

UP TO THE CITIZENS

IN ORDER to sharpen public attention toward the current teacher shortage and to become informed as to its reasons, school topic questionnaires are being circulated among elementary schools by a group of Greater Cleveland club women, cooperating with faculty members of Western Reserve University. According to the first returns it develops that teachers have a startlingly large and varied number of chores to do in addition to teaching and after-school preparation of next day's lessons. They have lunch and playground duties, teacher and parent-teacher meetings, arrangement of special holiday and regular assembly programs, collection of money for savings bonds and stamps, paper and clothing collections, arrangements for flower shows and safety exhibits, as well as countless reports to superiors.

Important and enlightening as will be the findings of this group, the fact that they are interested in the teacher problem is of even greater significance. Once an intelligent citizenry becomes aroused to what is happening in its schools, the fine and ancient tradition of public education will be safeguarded.

Recent events in aerial operations tend to make people go out again as they used to, and take nice, long walks.

They've been turning on the heat again in England, finally getting it up almost to zero.

It's easy to get lost in the air, says a novice, but of course you can always come down if you don't mind taking chances.

NEWS BEHIND THE NEWS

By PAUL MALLON

WASHINGTON, March 10—A classic inside report on Sweden has come into my hands. It concerns the developing, covered-over economic perils in the little nation of 6 million which exists by its wits at the very tip of the cat's whisker, constantly escaping from being devoured.

"We escaped both the Nazis and their war by some clever political and economic manipulations, maintaining our freedom and independence," says this private analysis, "but can't we elude the pressure puruers now among us?

"A cabinet minister's wife said in a speech recently to an audience of university students: 'We have succeeded practically in wiping out the moneyed upper class, but a new danger must be met in a new upper class, the intellectually gifted.) The norm must be set on the level of the least gifted, or we will have a new and more subtle rule of the few.'

"Here is advocated the triumph of ignorance, the supremacy of inadequacy, revolutionary conquest by the least capable. I am glad to say she was booted by the students, but she might not have been booted if she had addressed a less educated group. She claims to be an educational expert who has gained most of her ideas in America, although her ideas bear a stamp of nationality easily discernible and not associated, as far as my experience can fathom, in any connection with any nations on the American continents.

"Now you may say she is merely a woman speaking without appreciation of her surroundings or authority, but her husband, as a cabinet minister, made the infamous trade agreement with Russia which will enslave the commerce of Sweden for the next five years, taking all our exportable production, if not more than we can spare, isolating us commercially from other nations of the world. There will be little enough left for domestic trade and absolutely nothing for foreign markets. We shall have to import at higher prices for home consumption, articles which we could produce at more reasonable cost, if we had not bound ourselves with this agreement.

"The people who have worked and taken chances to get ahead are to be squashed. There never can be one standard of living for everyone without it being the downfall of everyone. And when that is accomplished, no one will be happy.

"The younger generation almost unanimously wishes to get out of the country, which has become so socialistic it is practically living under a dictatorship. There is no chance for personal initiative any longer in this nation which has been considered as something of a model around the world in the past. Everything is so controlled that it saps ambition. And the new taxes are impoverishing private initiative.

"When a conservative member of parliament criticized the new tax laws in Riksgaden last week, the finance minister said: 'that is how the labour unions want it, and it is they who have the power.' The new inheritance tax makes it impossible to leave anything for your children. I tried to write over our farm to our sons before the law went through, but discovered that the law was retroactive for five years. Such a thing is unprecedented despotism. If I should die the boys probably would have to borrow to pay up the mortgage and inheritance taxes, and instead of getting a few thousand kroner, they would be in debt.

And we cannot sell the farm because no farmer wants to buy property. As an owner he would have such a large property and income tax he would have nothing left to live on. The industrial labour organizations are killing farming in Sweden. It isn't even

Russians May Next Ask
Control of Dardanelles

Domination of Bosphorus
Affords Vital Lifeline

Special to Central Press

WASHINGTON—Although pleased by Russia's backing on the Pacific Islands issue, the American government is keeping its fingers crossed and its eyes open.

Officials here are convinced that the Soviets will ask for something big in return. Best guess at present is control of the Dardanelles.

The historic Bosphorus straits are traditionally a highly prized strategic plum. Little has been heard about them lately, but they are considered by some to be the No. 1 controversial issue in Europe. As in the days of the czars, Russia wants to control them as a lifeline to the Mediterranean from the Black Sea.

Months ago the United States rejected a Russian bid that she and the other Black Sea powers dominate the Dardanelles—meaning, of course, iron-clad Soviet rule. To many American diplomatic observers, the Soviet concession in the Pacific seems to be the Kremlin's way of sugaring a renewal of that bid.

There is no indication that the United States will change its stand against Russian control in the Dardanelles. But the Kremlin still appears to be hoping.

Incidentally, the Russian approval of American domination in the Pacific is viewed by some experts as a wedge between the Western allies. They point out that Russia reversed the British view—and thereby punched a hole in the Allied dyke through which the waters of discord may flow.

SYNOPSIS
Young Sherry Kent had been looking forward to spending the weekend at the farm of Steve Jeffrey, beloved family friend, and is keenly disappointed when her glamorous sister, Val, discloses their mother, Leda, had phoned Steve they could not make it.

CHAPTER TWO

NEITHER VAL nor her mother, Sherry knew, loved Steve Jeffrey's farm as she did. Oh, in the summer, as an escape from city heat, the others enjoyed it well enough. But Sherry loved it any time, winter, spring, fall. Each season seemed to possess its own special magic for ensnaring her heart. The great, rambling white house with its old Victorian furniture, its wide porches, surrounded by gently rolling acres of farmland, seemed more her home than did this apartment. Besides, there was Steve himself, whom Sherry adored with all the pent-up, older-man worship of a girl who had scarcely known her father. Steve, with his crisp gray hair, his well co-ordinated muscular body, his smoky pipes, his droll wit and unfailing kindness. Steve, who was such a good friend to them all, who had known and loved her father years ago.

In some curious way which she couldn't have begun to put adequately into words, Sherry felt more vital, more a complete person at the farm. There seemed to be a surface quality about her everyday life, thinness, a lack of meaning and reality. She loved her mother and sister, she supposed they loved her, but the three of them had never been very close. Sherry and Val were too different in character, in viewpoint, with a difference sharply increased this past year. And their mother had always been too busy to spend much time with them, to develop an understanding of their temperaments, their individual needs and desires, which might have knit them into a closer relationship.

That scared South into taking out to 7-No Trumps so that the lead would come up to his hand. At the moment he didn't realize how lucky he was, but he did when West proved unable to lead a spade. West selected his singleton club as being the nearest possible to what he thought his partner wanted. South thereupon made his slam, with seven tricks in clubs, four in diamonds and two in hearts because the finesse worked.

East should have read from the bidding that North and South each had four spades and West therefore none. Had he done so and passed, he would have wound up a happier man, though perhaps not quite so wise as after the instructive punishment he got for the worst double he ever made. Hereafter he will not double a slam unless he can beat any contract into which the opponents may take out.

Miss Martha Peterson
Bride of George HammanWedding Performed
In Chillicothe
Church

Stately seven branch candelabra, flanked by an abundant background of palms and ferns decorated the altar of the Presbyterian church, Chillicothe, when Miss Martha Jane Peterson became the bride of George Hamman III, Saturday, March 8, at 4:30 p. m. with the Rev. Harold E. Weir officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Willard Russell Peterson, Frankfort, and the bridegroom is the son of Mr. and Mrs. George Hamman II, Williamsport.

GIVEN in marriage by her father, the bride approached the altar wearing a gown of traditional white slipper satin. The full skirt swept into a wide graceful train, and her fingertip veil of sheer illusion was held in place by a crown of seed pearls. She carried shower bouquet of white rose buds, lily of the valley and orangeblossoms. A strand of pearls, which was a gift from the bridegroom, was her only jewelry and she carried a handkerchief that belonged to her great-grandmother. The traditional garter and six pence of Kappa Alpha Theta were worn by the bride.

Mrs. Joseph Herbert, Washington C. H., served her cousin as matron of honor, in a frock of aqua-blue, fashioned in basque style with a sweetheart neckline. Miss Jean Rittenour, Columbus, Miss Mary Martha Hamman, Williamsport, cousin of the bridegroom and Miss Joan Norton, Middletown, were bridesmaids. They wore identical basque type dresses with sweetheart necklines, in delicate shades of tulip pink. Miss Hamman and Miss Rittenour are sorority sisters of the bride. Robert Hamman, Columbus, served his brother as best man. Little Steven Randall Herbert was ring bearer. Each pew in the church was marked by burning tapers. Ushers included, Martin Peterson, brother of the bride, Wright Peterson, Frankfort, cousin of the bride, Jack Hamman, Columbus, cousin of the bridegroom, and Allen Anderson, Columbus.

Charles Peterson, brother of the bride, and Calvin Peterson, cousin of the bride, were acolytes. Preceding the ceremony a period of organ wedding music was presented by William Russell Peterson, brother of the bride. His appropriate selections were, "I Love You Truly", "Spirit of Theta", "Sweetheart of Delta Tau Delta", "Oh, Perfect Love" and "I Love Thee". Miss Beverly Koeble, Columbus, sang "The Lord's Prayer" and "Oh Promise Me", and Mrs. Guss Pappas, Frankfort, sang, "Because" and "At Dawnning".

Following the ceremony a reception was held for more than 200 guests in the home of the bride's uncle and aunt, Mr. and Mrs. Albert Finch Peterson. The

Deercreek Garden Club Has Meeting

Mrs. Don T. Linkous, Williamsport, was hostess Thursday evening to 29 members of the Deercreek township garden club, for their regular meeting. Mrs. Linkous, president, presided during the short business session. Honor roll book of World War II, was presented by Charles Johnson, Williamsport, who did the penmanship for which he is well known.

Mrs. G. P. Hunsicker was program leader, and in her discussion used the topic, "Wild Flowers". She said many of the various types of wild flowers have been sought for botany classes, by members of the garden club. Mrs. Hunsicker told of the many and various types of wild flowers that are found in the mountains, which are known for their rare beauty. Next meeting will be held in the home of Mrs. Robert Smith.

Hostess was assisted by Mrs. Harry Smith, Mrs. M. D. Gamble, Mrs. Estella Schwartz, Miss Lena Schein and Mrs. Charles Johnson.

Miss Margaret Cross, route 2, entertained a group of friends at a "stork shower" Thursday evening for Mrs. Carl Wilkins. The affair was held in the Wilkins home on West High street. Small bassinet filled with many useful and appropriate gifts were presented to the guest of honor. Games were played during the evening, with prizes for high score being awarded Mrs. Carroll Stonerock, Miss Rosemary Stonerock, Mrs. Walter Leist and Mrs. Wilkins.

Among those invited were, Mrs. Stonerock, Miss Rosemary Mast, Mrs. Lawrence Graham, Mrs. Raymond Wilson, Mrs. Wayne Dye, Miss Edith Schleicher, Mrs. Forrest Schleicher, Miss Olive Cross, Miss Mary Cross, Mrs. Bill Merriman, Miss Stonerock, and Mrs. Leist. Refreshments were served by the hostess.

Beaver Council
Plans For Party

Beaver council number 36, held their weekly meeting Tuesday evening in council room of Redmen hall, with Mrs. Harold Manbevers, Pocahontas, presiding. Opening song was "America". During the business session, the members decided to serve refreshments at the games party March 11, with the proceeds to go to the piano fund.

Mrs. Doyle Manbevers, Mrs. Gene Bozman and Mrs. Robert Cline, were appointed by the Pocahontas, to arrange a program for council, at their March 18 meeting. Mrs. Kermit Clun, read the treasurer's report. Meeting closed with regular ode. Next weekly session will be Tuesday at 7:30 p. m. in Redmen hall.

Five Points Social
Hour Club Meets

Members of the Five Points Methodist social hour club held their regular meeting Friday evening in the home of Mr. and Mrs. D. J. Conley and son. Meeting opened with the group singing, "I Love to Tell the Story". Mrs. Margaret Brigner, president, led the group in the devotional period and conducted the business meeting.

The "forget-me-not" sisters were revealed, with each sister receiving a gift and new names were drawn for the coming year. Forty members and guests had a covered-dish luncheon during the social hours preceding the meeting.

"UNBLOCK" your
DIGESTIVE TRACT

And Stop Dosing Your Stomach
With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In constipation trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature do her work.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 8 of Nature's enzymes to join in to digest your food. You get genuine relief from indigestion so you can feel really good again.

Buy Carter's Pills today, "Unblock" your intestinal tract for real relief from indigestion.

PT'S OF DEERCREEK SCHOOL HAS MEETING

Personal

Bob Phillips and Dick Fullen attended the three-day annual session of Ohio Methodist Youth Fellowship, Delaware. Meetings were held Friday, Saturday and Sunday in the William street Methodist church.

The Rev. J. H. Sudlow gave the invocation, and Mrs. Gladys Arledge read the report from the last session. Mrs. Van Meter Hulse submitted the treasurer's report. Members of the society will have a pot-luck supper at the next regular meeting on March 27.

Mrs. George James was program leader for the evening. Jeanne Rose and Dick Henson, each sang a group of selected songs and George Eddie James recited, "Snowman". Mrs. Marion Steinhauer sang "Shortenin' Bread" and "Deep River". She was accompanied by Miss Reid. Speaker of the evening was L. G. Ridenour, state highway patrolman, who used for his topic, "Traffic Accidents", and illustrated his lecture with moving slides.

MRS. HARRAL HOSTESS Mrs. Simon Harral, Pickaway township, will entertain members of the Woman's Association of Christian Service of Salem, Thursday at 2 p. m. Mrs. Edgar Harral will be assisting hostess. Members are requested to bring a hen and their cancelled sales tax stamps to this meeting.

NEWS Behind the NEWS

By PAUL MALLON

(Continued from Page Four) profitable to own your own home, for the authorities count as your income the rent you would have to pay if you rented the house you own.

"My son's income is 30,000 kroner a year which would have been excellent 10 years ago. A lawyer advised us that under the tax system starting this year, we shall have to pay nearly half or 14,000 kroner in taxes. Our rentals with heating go to about 3,000. Our other son living in Stockholm costs us about 5,000. Light, telephone and gas run about 400, and I must reckon 100 kr. per person per month for food. There is not much left for insurance, clothes, tuition and school books, doctors and dentists. A maid is out of the question for me, as she would cost 2,500 kroner. (This means a person on a farm can hardly live and cannot employ a servant in this formerly low-price country although earning \$7,500 a year.)

"No wonder the young men want to leave. We will all be getting out as soon as we can."

My conclusion from this plain evidence is this:

Russia does not need an army to conquer Sweden. All she needs is a few more Swedes like the commerce minister who will drain from the country the economic profits of the war to send to Russia and simultaneously sap and sack the country by taxation and denials of opportunity for advancement.

If a slipcover has developed a hole on back or arms, carefully cut out a large floral or geometric design from printed fabric, and make an applique motif to cover the hole. If you have a zig-zagger attachment on your sewing machine, it will be easy if not, do it by hand.

Words of Wisdom
 Libraries are the wardrobes of literature, whence men, properly informed, may bring forth something for ornament, much for curiosity, and more for use.—Dyer.

Hints on Etiquette
 Don't be one of those people who gets his or her fun by "rubbing it in" when it hurts the person who happens to be the butt of your joke. The person who is too heavy, or bald, is probably sensitive about it, and it is very bad manners to twit him about it.

Today's Horoscope
 With a quick perception and keen understanding of human nature, you are led by suggestion rather than by force. The love and friendships you inspire are true and lasting, and you have no real enemies. You are observing like to travel, and will do so extensively. Today's aspects are adverse, as there is an element of deception, confusion, uncertainty in the air. Don't neglect your personal appearance. You may experience trouble through competitors. You are also threatened with love or domestic sorrows, ill health of self or relatives, and business worries and upheavals in the next year. Do not be over-trustful of others, and defer changes. The child who is born today will develop a subtle nature and be inclined to intrigue, secret activities—sometimes questionable—and mysticism. Loss, sorrow, and many disappointments are threatened.

New License

Plates Make First Appearance In Circleville

AUTO TAGS PUT
ON SALE BY FOUR
COUNTY AGENTS1947 Green And White Plates
May Be Used At Once
By Motorists

Four deputy registrars began the sale of 1947 automobile license plates, Monday, in Pickaway county. The tags have green numerals on a field of white.

Two duplicate tags will be issued to each purchaser for the first time since 1942. During World War II issuance of plates was limited to one for each motor vehicle as a means of conserving metal.

Midnight March 31 is the deadline for affixing the new license plates to automobiles. Under the law all cars must be equipped with the new green and white tags on or before April 1.

Regulation permit attaching the license plates as soon as purchased, or the motorist may affix them any time up to April 1.

In former years the license tag sale started March 1 but this year a 10-day delay was made necessary by a steel shortage which slowed down production of the tags.

The Circleville deputy registrar is Mrs. Ruth E. Wignell whose office is at 118 East Franklin street. She said the tags will be on sale daily from 9 a. m. to 5 p. m. Mrs. Wignell will issue license plates, truck and trailer licenses, and drivers' and chauffeurs' licenses.

The three other Pickaway county deputy registrars, each of whom will sell license plates on, are: L. E. Foreman, 1 East Main street, Ashville; Anabelle Echard, New Holland; and Mrs. D. H. Marcy, Williamsport.

KEROSENE SETS
OFF EXPLOSION;
FAMILY INJURED

COLUMBUS, O., March 10 — The familiar story of explosion and fire from kerosene poured on hot coals left a family of four seriously burned in Columbus hospitals today.

Most seriously burned when fire destroyed the family's cottage at Columbia Center in Licking county was Mrs. Ella Mae Sanford, 21. Hospital attaches listed her condition as serious.

Her husband, Jack, 22, and their two children, Jack, Jr., 4, and Barbara Mae, 2, were all said to be in fair condition.

Sheriff's deputies said the blaze was started when Mrs. Sanford poured kerosene into a coal stove yesterday morning.

The resultant blast threw the children from their beds onto a coal pile outside the house.

MARSHALL SAYS U. S. TO PRESS GERMAN PLANS

Secretary Makes Statement At Unprecedented News Conference in Russia

MOSCOW, March 10—The big four council of foreign ministers assembled in Moscow this evening for their long-awaited session and immediately was confronted by a surprise Soviet demand for inclusion of China on the agenda.

The long-awaited meeting, called to consider or draft peace treaties for Germany and Austria, was keynoted at the outset by U. S. Secretary of State George C. Marshall's determination to achieve a 40-year treaty of alliance guaranteeing German military impotency.

Immediately after opening the session as host and chairman, Soviet Foreign Minister V. M. Molotov spoke up for consideration of China because of the fact that civil war is still raging there.

Secretary Marshall objected to instant action, saying he needed 24 hours to think the matter over.

MARSHALL made his statement at an unprecedented news conference just prior to the opening of the big four conference to formulate treaties with Germany and Austria.

The American secretary revealed that he has pressed for French support of the alliance toward which Britain already has reacted favorably.

A treaty of alliance to render Germany helpless to make war for a 25-year period first was presented by former secretary of state James F. Byrnes. The Russians objected on the grounds that the time was too limited and proposed a 40-year period.

Marshall took the opportunity to reaffirm the American policy regarding Germany which was outlined by Byrnes in his historic Stuttgart speech of last Sept. 6.

BYRNES, the first incumbent American secretary of state to speak on soil of a defeated and occupied nation, urged at that time that Germany be reunited under a provisional government which would be authorized to carry out terms of a peace settlement.

Marshall abandoned protocol to journey to the hotel Moskva, headquarters of visiting correspondents, instead of summoning them to his residence at the U. S. Embassy.

Weather To Be Warmer After Today

By International News Service
Calling all Robins!

The weather bureau has a secret formula. How else could it make tomorrow's forecast coincide with the first day of the climatological Spring in Ohio?

"Beginning tomorrow," said Weatherman C. G. Andrus, "I see the ending of a period of phenomenal conditions in which there has been a steady flow of cold air into this area since last Feb. 16. So it's going to start warming up. During the next few days we can expect a distinct change from the persistent cold."

Although Spring does not officially begin until March 21, Andrus said the weather bureau's temperature records actually put the seasons where they should be.

"We figure Winter on the basis of the 92 coldest days in which the average temperature is 27 degrees," Andrus explained. "The Spring period comprises the next 91 days with an average of 49 degrees. Summer is next with 70 degrees and we then go into Autumn with the same average as Spring, 49 degrees."

Andrus emphasized, however, that a change back to colder weather always is a possibility at this time of the year.

His 49 degrees daily average takes in the various departures so that on one day the average can be 58 degrees and the next day, 40.

POWER BILLS UP WEDNESDAY

City Council To Study New Light Rate Ordinances At Special Session

Special meeting of the Circleville city council will be held at 8 p. m. Wednesday for consideration of the passage of two ordinances granting two 10-year contracts to the Columbus and Southern Ohio Electric company.

At a regular meeting of the council, held March 3, spokesmen for the power company presented the proposed ordinances and members of the council agreed with the company spokesmen that the new rate schedules would provide substantial savings to consumers of electricity for residence and commercial lighting, and also to the municipality for street lighting.

It was decided to hold the special session when company officials explained that if the ordinances are enacted as emergency measures to be come effective at once — before March 15 — consumers can be billed in April for March consumption under the new rates.

Mayor Ben H. Gordon said Monday he will issue the call for the special meeting Wednesday night. A city ordinance stipulates that such a call must be issued at least 24 hours before the time set for a special meeting.

ONE MAN'S OPINION
By Walter Kiernan

Italy has pensioned Marshal Badoglio — it was felt he was entitled to some compensation for his fine work on both sides in the recent war.

Badoglio didn't exactly deliver a total victory but he sure knew when to keep it from being a total loss.

Germany has not rewarded any of its losing generals — it is true that the allies have singled out a few for drop-bottom platform appearances.

Nothing much is heard of the former king of Italy — for his part in the war he was condemned to retire to a pleasant spot at full pay.

I hear he wired Hirohito recently "why didn't you quit sooner and get a partnership?"

Anyway it's interesting to know that Sen. McKellar can bar David Lilienthal as "personally obnoxious" to him.

If voters had the same right there might be vacancies in the senate.

6 Dogs To Die As Result Of County Rabies Scare

As a result of the biting of 6-year-old Margaret Fowler by an alleged rabid dog at the village of Era on March 2, it was disclosed Monday, six dogs seized in that community Saturday will be put to death by County Dog Warden Harry Riffle. Dr. A. D. Blackburn, county health commissioner, who ordered the dog warden to make an investigation of the rabies situation, also revealed that Riffle ordered the owners of six other dogs at Era to keep the canines penned for 90 days. A 13th dog, Riffle's report to Dr. Blackburn said, died a couple of days ago at Era.

Although it was undetermined whether any of the 13 dogs suffered from rabies the report of Riffle to the county health commissioner said all 13 had "associated" with the dog that bit the Fowler child.

The dog warden exhumed the body of the 13th dog, Dr. Blackburn said, and its head was to be taken by Riffle to the state laboratory at Columbus, Monday, for examination to determine whether the animal suffered from rabies.

Meanwhile the Fowler girl, who is undergoing the Pasteur treatment, was reported in satisfactory condition.

Some of the six "stray" dogs seized by Riffle and which are to be killed, the report to Dr. Blackburn said, were licensed. All of the six canines whose owners were ordered to tie them up for 90 days, were licensed.

Whether any of the 12, or the 13th dog that died, was bitten by the Fowler family's pet canine, was undetermined. The Fowler dog died a few days after the girl was bitten near her knee.

PROXY votes were cast Connally and for Sen. Vandenberg (R) Mich., who were at a White House conference today.

Democratic leaders looked for Lilienthal's confirmation by a margin of from nine to 14 votes in the senate.

Sen. Taft (R) Ohio, GOP policy chief, virtually made it certain Lilienthal's nomination would be considered ahead of that of Gordon R. Clapp, appointed to succeed Lilienthal as TVA chairman. Taft, who directs the majority program, said he favored putting the "big issue first".

ATTORNEY General Clark was prepared to offer vigorous opposition to the union's motion to a joint session of the Ohio legislature Wednesday night.

Clark was expected to argue that only through an immediate order requiring Lewis and the union to withdraw a notice terminating the miners' wage agreement with the government could the threat of a walkout March 31 be removed.

The petition said that immediate issuance of the court mandate was opposed "not for the purposes of delay but that justice may be done."

The court order will require Lewis, within five days from its issuance, to withdraw his notice of last November terminating the government-UMW wage agreement.

Normally, the mandate would

be issued March 31 — 25 days after the high court's decision in the contempt case.

Clark has urged the supreme court to act immediately to forestall another walkout by the mine workers at the end of this month. Lewis, in ending the recent shutdown, instructed the miners to work only until midnight March 31.

The defense motion did not state that a rehearing would be sought on the high court's decision affirming the contempt convictions growing out of last November's 17-day work stoppage.

It declared, however, that it opposed immediate issuance of the mandates "not for purposes of delay but that justice may be done."

GOAL IN SIGHT IN RED CROSS FUND CAMPAIGN

FRANKFURT, March 10—The United States Army today confiscated all American occupation currency in both Germany and Japan in a drive to combat counterfeiting and black market operations.

Headquarters of Gen. Douglas MacArthur in Tokyo revealed that the war department order was aimed especially at German counterfeiters. It will, however, have a widespread effect in Japan.

General Chairman Roscoe Warren said Monday almost \$8,000 had been turned in by campaign workers.

He said several reports were still missing and urged all solicitors to complete their calls as soon as possible. Mr. Warren also urged chairmen to make their reports as early as possible.

Sparks from the burning four-story shop and warehouse of the Joy Hosiery company leaped across Chestnut street and showered on the roof of the hall.

In Japan calls for return of the currency were sent out at 10 a. m. Occupation troops and other personnel possessing the currency were told to turn it in by 6 p. m. for exchange.

The operation in Germany was more spectacular. Surprise "raids" were made on billets and military installations throughout the occupation zone in the drive to confiscate all holdings of military payment certificates.

POOR RELIEF FUNDS ARE RECEIVED BY AUDITOR

Receipt of \$25,947.94 for poor relief in Pickaway county was announced Monday by County Auditor Fred L. Tipton.

The cash is part of \$6,772,704 distributed by State Auditor Joseph T. Ferguson, Columbus, to counties throughout Ohio.

Auditor Tipton said the money was received in two checks, one for \$13,994.35 and the other in the sum of \$11,953.59. State Auditor Ferguson said the distribution was based on the regular one per cent plus a special 65.100ths of one per cent of revenues derived from public utility excise taxes.

LANSING, Mich., March 10—Mel Shane, Detroit industrialist who built up a prosperous war plant business after escaping from an Ohio prison, was ordered extradited today by Gov. Kim Sigler.

Gov. Sigler ordered Shane turned over to Ohio authorities after he was told that \$25,000 had been offered to prevent extradition.

Bricker Casts Only Vote Against Selection For Atomic Chairman

WASHINGTON, March 10—The senate atomic committee today approved David E. Lilienthal by a vote of 8 to 1.

Sen. Bricker (R) Ohio, voted against recommending confirmation of President Truman's nominee to be chairman of the atomic energy commission.

Other appointees to the commission were approved by substantial votes—with opposition only to Sumner T. Pike, commission member, and 37-year-old Carroll L. Wilson, named as general manager.

Sen. Connally (D) Tex., left his proxy for Lilienthal, but said he knew too little about the others to vote intelligently on them.

Three commissioners — Dr. Robert F. Bacher, Lewis L. Strauss and W. W. Wayman were recommended for confirmation by an 8 to 0 vote.

PRESIDENT WILL TELL CONGRESS OF GREEK NEEDS

Joint Session Of Solons, General Public To Hear U. S. Plans On Aid

WASHINGTON, March 10—President Truman will address a joint session of congress at 1 p. m. Wednesday to present a vitally important message on the proposed United States loan to Greece.

The chief executive's plan was announced today by Sen. Arthur H. Vandenberg (R) Mich., following an hour and 20-minute conference between the President and congressional leaders of both parties.

SENATOR Vandenberg, chairman of the senate foreign relations committee, said:

"The President has discussed with us in great candor the situation involved in connection with the proposed Greek loan.

"He will come to a joint session of congress on Wednesday noon to present the matter in detail to the congress and to the country.

"Until that time there will be no further comment."

The President went over the Greek crisis with his congressional advisers on foreign affairs and appropriations at conference which began at 10 a. m. The group was with the President until 11:20.

GREAT Britain has appealed to the United States for a further 250 million dollars under the threat of having to withdraw British troops from Greece.

The American state department already has promised to give Britain all possible aid in continuing its military forces in Greece, but there have been some rumblings of dissent in the congress.

The crisis over the Greek situation caused the President suddenly to cancel a trip which would have taken him to the Caribbean area during the next two weeks. Mr. Truman had planned to leave Washington last Saturday morning for a visit to Puerto Rico and the Virgin islands and to witness Atlantic fleet maneuvers.

CAPITAL hill sources for several days have stated that the President will address a special message to congress asking for financial support of the British in Greece and explaining the reasons why that support must be furnished.

Meanwhile, Sen. Vandenberg (R) Mich., chairman of the senate foreign relations committee, made arrangements to give a report to the entire Republican membership of the senate on international developments at 8 p. m. Monday.

Presumably, Sen. Vandenberg will devote much of his talk to his fellow Republican senators to the broad policy involved in the Greek situation.

House Speaker Martin (R) Mass., planned to call a meeting of the house GOP steering committee following the White House conference. The steering committee will determine whether to call a conference to house Republicans to discuss the foreign policy matter.

MARSHALL SAYS U. S. TO PRESS GERMAN PLANS

(Continued from Page One)

S. embassy in Moscow.

Observers among western delegations saw a possibility of a battle among the large world powers for control of Europe involving a question as to whether Germany eventually might be dominated by Communism.

Arrival of visiting diplomats was greeted with Soviet propaganda blasts by the Moscow weekly New Times fostering Russia's long-term plans for Germany and criticizing views of leaders of the western nations. Despite this Marshall announced he was confident that "we will by peaceful methods of negotiation reach agreements which will greatly advance the cause of peace."

The controversy over Germany is expected to develop with a Soviet accusation against the western allies, especially Britain, that they have failed to carry out the Potsdam decisions.

MANTZ CLAIMS NEW RECORD FOR EAST - WEST TRIP

BURBANK, Cal., March 10 — Movie stunt flyer Paul Mantz today claimed a New York-Burbank nonstop record for single-engined propeller driven planes.

Mantz whizzed here yesterday from Gotham in 7 hours, 47 minutes, 19 seconds. He failed, however, to beat the 7 hours, 28 minutes, 2 seconds record established by the B-25 Superfortress "Dreamboat" Aug. 1, 1946.

Mantz piloted the same P-51 Mustang fighter plane with which he set a new West-East transcontinental speed record Feb. 28. His elapsed time was 6 hours, 7 minutes, 5 seconds. Yesterday, however, he had head winds to buck all the way.

NO ONE INJURED IN TWO WEEKEND ACCIDENTS HERE

Two weekend automobile collisions occurred in Circleville but police reports show that while four cars were damaged no one was injured.

At 7:20 p. m. Sunday, police said, an auto driven by Leon Kapehian, 29, Columbus, making a right turn onto Watt street, collided with the car of Werville Collins, 21, Route 1, Stoutsville, who also was making a right turn from Court street onto Watt street.

Harley M. Arledge, 57, Route 3, Circleville, drove from an alley onto East Franklin street between Court and Pickaway street at 3:55 p. m. Saturday, police said, and his truck was in collision with a sedan driven east on East Franklin street by Charles H. Strupper, 39, Tarlton.

SUES COMMISSION

Joseph Wilson, 401 South Washington street, filed suit Monday in Pickaway county common pleas court against the Industrial Commission of Ohio, seeking to participate in the state insurance fund. Wilson alleges that on April 3, 1945 while he was working in the plant of the John W. Eshelman and Sons he was thrown backward over a scraping machine and that he sustained crushing injuries to his chest and groin. He says the Industrial Commission on Aug. 11, 1945 rejected his claim, that a re-hearing was held upon his application, and that on March 3, 1947 the Commission issued an order unsatisfactory to him.

WASHINGTON, March 10 — Congressman at Large George H. Bender, (R.) of Ohio, left Cleveland today with the pledge to make an investigation of Crile veterans administration hospital "the first order of business" of the house veterans subcommittee on hospitals.

Bender and Congressman Walter B. Huber, (D.), Akron, were expected to confer today with Chairman Bernard W. Kearney, (R.), New York, on the Crile controversy existing over the treatment of psychiatric patients.

Other Ohio congressmen indicated their intentions of joining Bender and Huber in demanding a complete investigation of neuro-psychiatric service at Crile.

ALCATRAZ ON ALERT

SAN FRANCISCO, March 10 — Officials of Alcatraz federal penitentiary were on the alert early today for a possible escape attempt after a mysterious shot was fired from an unidentified launch off the penal island in San Francisco bay last night. The bullet narrowly missed guard Charles E. Bray, 25, who was patrolling "The Rock". It's firing swiftly set in motion a protective net thrown around the famous island where a bloody escape riot last May took five lives.

U. S. EXPECTED TO GET 23 BASES IN PHILIPPINES

MANILA, March 10 — A high official source disclosed today that the United States will be given 23 military, naval and air bases in the Philippines under an agreement between the two governments.

The agreement is expected to be signed at the end of this week, possibly on Friday when retiring American ambassador Paul V. McNutt will be honored by President Manuel Roxas at a formal presidential palace reception.

This same source told International News Service that McNutt and his family will leave Manila Saturday to return to the United States by way of Europe. Successful negotiation of the military base agreement has been McNutt's primary aim in the Philippines.

The pact is considered in official circles distinct triumph for Philippines negotiators as the American negotiators originally requested over 70 base sites to be used for defensive purposes.

BISHOP CHARGES CHINESE REDS WITH CRUELTY

PEIPING, March 10 — Brutal mistreatment of missionaries and nuns by Chinese Communists in their southern Hopei province diocese of Singtai was charged today by Roman Catholic Bishop Ignatius Krause.

Bishop Krause was evacuated to Peiping from Shih Chia-Chuang by American air transport and told foreign correspondents that he and nine priests and four nuns were imprisoned by the Communists for 78 days and severely beaten.

The 51-year-old bishop said he and the missionaries were brought before an assemblage of 20,000 Chinese Dec. 21 and hammered with weird accusations. The charges ranged from "cutting hearts and eyes out of live patients in the mission hospital to constructing compound walls which denied sunshine to adjoining crop lands."

Bricker, after the committee recommended confirmation of Lilienthal and all other commission appointees, told reporters that FBI records showed:

1. Capt. Joseph Volpe, assistant general counsel in charge of security and formerly with the Manhattan district, has a brother who is a Communist party member.

2. The commission's chief counsel, Herbert S. Marks, was turned down for a wartime naval commission, and that "the only deducible reason was his associations."

3. That another assistant general counsel James T. Ramey, once scratched out on a passport application a portion of his oath of allegiance and altered it to the effect. Bricker said, that "he would defend the constitution as far as his conscience would permit."

In his news conference Bricker accused Volpe of withholding the FBI report on Marks and Ramey from the commission "for two or three weeks."

TWO UNBEATEN TEAMS REMAIN IN STATE PLAY

Upper Arlington, Plain City, Holy Rosary Represent Central District

By International News Service

Two undefeated teams, last year's Class A champion and four other former titlists led 32 survivors into high school regional tournament play today.

Intensified action at eight regions this weekend will pare the list to four state finalists in each division.

Distrit winners qualifying for the semi-final step toward a state tourney berth were led by Upper Arlington, winner of its 22nd straight game without a loss, in Class A and Frazeysburg, a 30-9 quintet in Class B ranks.

Arlington, Class B champ in 1936 but now campaigning with the "big boys", eliminated Newark, a three-time Class A winner, 51 to 41, in the central district finals Saturday.

FRAZEYSBURG came from behind to nail Dresden, 37 to 33, at Marietta. It was the fifth time this year Frazeysburg defeated its Muskingum county rival, Dresden.

Middletown, 1944 and 1946 champion, gained stature by whipping Hamilton, 36 to 34, at Dayton. The Middies, with a record of only 11 wins and seven defeats, were hardly conceded a chance to survive district play.

With the chips down, however, Paul Walker's team won four games, three of them as an underdog. The Middies thus kept alive their hopes of becoming the third triple Class A champ in "modern" history of the state tourney.

THE MIDDIES get their first regional test at Dayton Friday against Roger Bacon, upset Cincinnati district champion.

Roger Bacon climaxed an uphill battle by retiring Cincinnati Elder, a 15-and-4 record team, 40 to 37, in the district finals.

In addition to Upper Arlington and Middletown, other ex-champions to come through district play were Marietta and Findlay (19-2) in Class A and Plain City (26-1) in Class B. All three won their previous crowns in the pre-1942 period when tournaments were held at Delaware and before the Ohio High School Athletic association assumed sponsorship.

Close games featured district finale play. Marietta barely edged Greenfield, 32 to 29. Ashland (19-2) won a third and rubber game from Mansfield, 41 to 39, at Sandusky.

In Class B, Gibsonburg needed an overtime to defeat Salem, 43-39, at Bascom, and Columbus Rosary also required an added period to get by Marion St. Mary, 38 to 35, at Westerville.

Lockland Wayne squeezed by Plainville, 33 to 30, and Corning shaded Glenford, 1941 Class B titlist, 45 to 44.

ONE DIP SOLUTION

THE MAN POWER shortage may help solve the Palestine question. It suddenly has occurred to countries like Britain, France, Belgium and some Latin American nations that there are great reservoirs of untapped skills and labor force in the displaced Jews and Gentiles, also, of Europe. These countries all are interested in workers for coal mines, farms, factories and general construction.

The displaced persons have been supported by UNRRA which dissolves June 30. Its successor is the International Refugee Organization which still lacks enough members and enough funds to start its work, part of which is settling the D.P.s in many countries. Most important ratification is that of the U.S. Congress which has been showing some opposition to IRO.

If these unfortunate homeless victims of war can become desirable in their own rights, immigration barriers in many countries will be opened to them. In fact, labor-needy countries may even court them. What a relief to everybody, including Palestinian Arabs, and the D.P.s themselves, most of all, if they could become wanted—WPs instead of DPs!

UP TO THE CITIZENS

IN ORDER to sharpen public attention toward the current teacher shortage and to become informed as to its reasons, school topic questionnaires are being circulated among elementary schools by a group of Greater Cleveland club women, cooperating with faculty members of Western Reserve University. According to the first returns it develops that teachers have a startlingly large and varied number of chores to do in addition to teaching and after-school preparation of next day's lessons. They have lunch and playground duties, teacher and parent-teacher meetings, arrangement of special holiday and regular assembly programs, collection of money for savings bonds and stamps, paper and clothing collections, arrangements for flower shows and safety exhibits, as well as countless reports to superiors.

"The people who have worked and taken chances to get ahead are to be squashed. There never can be one standard of living for everyone without it being the downfall of everyone. And when that is accomplished, no one will be happy.

NEWS BEHIND THE NEWS

By PAUL MALLON

WASHINGTON, March 10—A classic inside report on Sweden has come into my hands. It concerns the developing, covered-over economic perils in the little nation of 6 million which exists by its wits at the very tip of the cat's whisker, constantly escaping from being devoured.

"We escaped both the Nazis and their war by some clever political and economic manipulations, maintaining our freedom and independence," says this private analysis, "but can we elude the pressure pursuers now among us?

A cabinet minister's wife said in a speech recently to an audience of university students: "We have succeeded practically in wiping out the moneyed upper class, but a new danger must be met in a new upper class, the intellectually gifted.) The norm must be set on the level of the least gifted, or we will have a new and more subtle rule of the few."

"Here is advocated the triumph of ignorance, the supremacy of inadequacy, revolutionary conquest by the least capable. I am glad to say she was booted by the students, but she might not have been booted if she had addressed a less educated group. She claims to be an educational expert who has gained most of her ideas in America, although her ideas bear a stamp of nationality easily discernible and not associated, as far as my experience can fathom, in any connection with any nations on the American continents.

"Now you may say she is merely a woman speaking without appreciation of her surroundings or authority, but her husband, as a cabinet minister, made the infamous trade agreement with Russia which will enslave the commerce of Sweden for the next five years, taking all our exportable production, if not more than we can spare, isolating us commercially from other nations of the world. There will be little enough left for domestic trade and absolutely nothing for foreign markets. We shall have to import at higher prices for home consumption, articles which we could produce at more reasonable cost, if we had not bound ourselves with this agreement.

"The people who have worked and taken chances to get ahead are to be squashed. There never can be one standard of living for everyone without it being the downfall of everyone. And when that is accomplished, no one will be happy.

WHEN THE LATE O. Max Gardner set out for the Court of St. James's, he knew he was in a race with death, with the odds against him. Close associates say that Gardner's doctors went to his hotel and pleaded long and insistently that he turn down the ambassadorship to Great Britain.

The physicians told him his heart wouldn't stand it; that he must rest; that they could predict with certainty that the strenuous undertaking he was embarking upon would mean an early death.

They told him they could predict "everything but the day."

Friends relate that Gardner did not take the doctors' warning lightly; that he accepted their prediction that death would come soon. But they say he hoped he could live at least a matter of months and add a final bit of service to his already admirable record.

He was so eager to get to London that when heart pains seized him on the eve of departure from Washington, he turned down the odds that he delay his trip and enter a hospital. The race ended in a New York hotel room when he died shortly before he was to have boarded his ship for England.

THE HOUSE LABOR COMMITTEE has heard the "name stars" of labor and management and soon will go out into the provinces to sample grassroots opinion.

Biggest headache for the visiting sub-committees will be getting workers to testify. Rep. McConell (R) Pa., says he is afraid the rank-and-file will be prevented from expressing their opinions by local union bosses.

At first, committee members thought they would be able to slip in and out of communities incognito. But they soon realized that a traveling Congressional sub-committee is about as cumbersome and obvious as a circus.

The best the Congressmen can hope to do is to keep their itinerary quiet. Then they will be able to move into a town and interview a few witnesses before too much publicity is given their presence.

Incidentally, the Russian approval of American domination in the Pacific is viewed by some experts as a wedge between the Western allies. They point out that Russia reversed the British view—and thereby punched a hole in the Allied dyke through which the waters of discord may flow.

SYNOPSIS
Young Sherry Kent had been looking forward to spending the weekend at the farm of Steve Jeffrey, beloved family friend, and is keenly disappointed when her glamorous sister, Val, discloses their mother, Leda, had planned Steve so she could not make it.

CHAPTER TWO

NEITHER VAL nor her mother, Sherry knew, loved Steve Jeffrey's farm as she did. Oh, in the summer, as an escape from city heat, the others enjoyed it well enough. But Sherry loved it any time, winter, spring, fall. Each season seemed to possess its own special magic for ensnaring her heart. The great, rambling white house with its old Victorian furniture, its wide porches, surrounded by gently rolling acres of farmland, seemed more her home than did this apartment. Besides, there was Steve himself, whom Sherry adored with all the pent-up, older-man worship of a girl who had scarcely known her father. Steve, with his crisp gray hair, his well co-ordinated muscular body, his smelly pipes, his droll wit and unfailing kindness. Steve, who was such a good friend to them all, who had known and loved her father years ago.

In some curious way which she couldn't have begun to put adequately into words, Sherry felt more vital, more a complete person at the farm. There seemed to be a surface quality about her everyday life, a thinness, a lack of meaning and reality. She loved her mother and sister, she supposed they loved her, but the three of them had never been very close.

Sherry and Val were too different in character, in viewpoint, with a difference sharply increased this past year. And their mother had always been too busy to spend much time with them, to develop an understanding of their temperaments, their individual needs and desires, which might have knit them into a closer relationship.

Leda Kent, widowed when Sherry was only a baby and Val just two years older, had made a highly successful career for herself in the merchandising field. But a succession of housekeepers, some good, some bad, most merely indifferent, had brought up her daughters. Val had made an easier adjustment but Sherry had known hunger for something missing, something worked.

Had he done so and passed, he would have wound up a happier man, though perhaps not quite so wise as after the instructive punishment he got for the worst double he ever made. Hereafter he will not double a slam unless he can beat any contract into which the opponents may take out.

Miss Martha Peterson
Bride of George HammanWedding Performed
In Chillicothe
Church

Stately seven branch candelabra, flanked by an abundant background of palms and ferns decorated the altar of the Presbyterian church, Chillicothe, when Miss Martha Jane Peterson became the bride of George Hamman III, Saturday, March 8, at 4:30 p. m. with the Rev. Harold B. Weir officiating at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Willard Russell Peterson, Frankfort, and the bridegroom is the son of Mr. and Mrs. George Hamman II, Williamsport.

GIVEN in marriage by her father, the bride approached the altar wearing a gown of traditional white slipper satin. The full skirt swept into a wide graceful train, and her fingertip veil of sheer illusion was held in place by a crown of seed pearls. She carried a shower bouquet of white rose buds, lily of the valley and orangeblossoms. A strand of pearls, which was a gift from the bridegroom, was her only jewelry and she carried a handkerchief that belonged to her great-grandmother. The traditional garter and six pence of Kappa Alpha Theta were worn by the bride.

Mrs. Joseph Herbert Washington C. H. served her cousin as matron of honor, in a frock of aqua-blue, fashioned in basque style with a sweetheart neckline. Miss Jean Rittenour, Columbus, Miss Mary Martha Hamman, Williamsport, cousin of the bridegroom and Miss Joan Norton, Middletown, were bridesmaids. They wore identical basque type dresses with sweetheart necklines, in delicate shades of tulip pink. Miss Hamman and Miss Rittenour are sorority sisters of the bride. Robert Hamman, Columbus, served his brother as best man. Little Steven Randall Herbert was ring bearer. Each pew in the church was marked by burning tapers. Ushers included, Martin Peterson, brother of the bride, Wright Peterson, Frankfort, cousin of the bride, Jack Hamman, Columbus, cousin of the bridegroom, and Allen Anderson, Columbus.

Charles Peterson, brother of the bride, and Calvin Peterson, cousin of the bride, were acolytes.

Preceding the ceremony a period of organ wedding music was presented by William Russell Peterson, brother of the bride. His appropriate selections were, "I Love You Truly", "Spirit of Theta", "Sweetheart of Delta Tau Delta", "Oh, Perfect Love" and "I Love Thee". Miss Beverly Koebel, Columbus, sang "The Lord's Prayer" and "Oh Promise Me", and Mrs. Guss Pappas, Frankfort, sang, "Because" and "At Dawning".

Following the ceremony a reception was held for more than 200 guests in the home of the bride's uncle and aunt, Mr. and Mrs. Albert Finch Peterson. The

Deercreek Garden Club Has Meeting

Mrs. Don T. Linkous, William sport, was hostess Thursday evening to 29 members of the Deercreek township garden club, for their regular meeting. Mrs. Linkous, president, presided during the short business session. Honor roll book of World War II, was presented by Charles Johnson, Williamsport, who did the penmanship for which he is well known.

Mrs. G. P. Hunsicker was program leader, and in her discussion used the topic, "Wild Flowers". She said many of the various types of wild flowers have been sought for botany classes, by members of the garden club.

FOR HER wedding trip the new Mrs. Hamman changed to a poudre-blue suit, with plum-blue accessories. The new couple left for a wedding trip through the South and will visit Key West before returning home.

Mr. Hamman was graduated from Clarksburg high school, and is a member of Delta Tau Delta fraternity. Mrs. Hamman was graduated from Frankfort high school and is affiliated with Kappa Alpha Theta sorority. Both attended Ohio State University. They will make their home in Williamsport where the bridegroom is associated with his father in farming.

Hostess was assisted by Mrs. Harry Smith, Mrs. M. D. Gamble, Mrs. Estella Schwartz, Miss Lena Schein and Mrs. Charles Johnson.

Miss Cross Hostess
At Shower, Party

Beaver council number 36, held their weekly meeting Tuesday evening in council room of Redmen hall, with Mrs. Harold Manbevers, Pocahontas, presiding. Opening song was "America". During the business session, the members decided to serve refreshments at the games party March 11, with the proceeds to go to the piano fund.

Mrs. Doyle Manbevers, Mrs. Gene Bozman and Mrs. Robert Cline, were appointed by the Pocahontas, to arrange a program for council, at their March 18 meeting. Mrs. Kermit Clun, read the treasurer's report. Meeting closed with regular ode. Next weekly session will be Tuesday at 7:30 p. m. in Redmen hall.

Five Points Social Hour Club Meets

Members of the Five Points Methodist social hour club held their regular meeting Friday evening in the home of Mr. and Mrs. D. J. Conley and son. Meeting opened with the group singing, "I Love to Tell the Story".

Mrs. Margaret Brigner, president, led the group in the devotional period and conducted the business meeting.

The "forget-me-not" sisters were revealed, with each sister receiving a gift and new names were drawn for the coming year. Forty members and guests had a covered-dish luncheon during the social hours preceding the meeting.

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and water. That's not the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where your food is digested, and when the lower part gets blocked, it may fail to digest properly.

BLOOD DONATIONS SHIPPED

NEW YORK.—During world war two eight million human blood donations were successfully transported in all extremes of heat and cold by employing readily portable refrigerated Church containers. Today sea foods, fruits, meats and other perishables are being carried in the containers, enabling two thirds of the population, previously unsupplied, to enjoy their original delicacy of flavor.

New License Plates Make First Appearance In Circleville

AUTO TAGS PUT ON SALE BY FOUR COUNTY AGENTS

1947 Green And White Plates
May Be Used At Once
By Motorists

Four deputy registrars began the sale of 1947 automobile license plates, Monday, in Pickaway county. The tags have green numerals on a field of white.

Two duplicate tags will be issued to each purchaser for the first time since 1942. During World War II issuance of plates was limited to one for each motor vehicle as a means of conserving metal.

Midnight March 31 is the deadline for affixing the new license plates to automobiles. Under the law all cars must be equipped with the new green and white tags on or before April 1.

Regulation permit attaching the license plates as soon as purchased, or the motorist may affix them any time up to April 1. In former years the license tag sale started March 1 but this year a 10-day delay was made necessary by a steel shortage which slowed down production of the tags.

The Circleville deputy registrar is Mrs. Ruth E. Wignell whose office is at 118 East Franklin street. She said the tags will be on sale daily from 9 a. m. to 5 p. m. Mrs. Wignell will issue license plates, truck and trailer licenses, and drivers' and chauffeurs' licenses.

The three other Pickaway county deputy registrars, each of whom will sell license plates only, are: L. E. Foreman, 1 East Main street, Ashville; Anabelle Echard, New Holland; and Mrs. D. H. Marcy, Williamsport.

KEROSENE SETS OFF EXPLOSION; FAMILY INJURED

COLUMBUS, O., March 10 — The familiar story of explosion and fire from kerosene poured on hot coals left a family of four seriously burned in Columbus hospitals today.

Most seriously burned when fire destroyed the family's cottage at Columbia Center in Licking county was Mrs. Ella Mae Sanford, 21. Hospital attaches listed her condition as serious.

Her husband, Jack, 22, and their two children, Jack, Jr., 4, and Barbara Mae, 2, were all said to be in fair condition.

Sheriff's deputies said the blaze was started when Mrs. Sanford poured kerosene into a coal stove yesterday morning.

The resultant blast threw the children from their beds onto a coal pile outside the house.

YOUR HOUSE WON'T BE BOMBED.

Unprotected wood decays rapidly. Soaking moisture — accumulated from ice and frost, as well as from drenching rains — is only one of the hazards to exposed wood. Sunshine may grow gardens and give you a tan — but it's hard on wood, unprotected by paint. Regular painting costs less than new siding, a new porch, or — a new house . . . (and, you can't get a new house now).

In Lucas HOUSE PAINT, finest pigments are ground in pure linseed oil . . . to produce a superlative product. A Lucas house painting usually lasts four to five years.
